

# Ocean

## King's X

Deep in the ocean  
A thought of you carries me there  
Move in slow motion  
I float above you in the air Over the ocean  
Across the sea  
When I think of the ocean  
It is there to remind me High on a mountain  
I look at the valley below  
The sun shines upon them  
But I'm up here in the snow Over the ocean  
Over the sea  
When I look at the ocean  
It is there to remind me
