

Scarecrow

Between The Trees

Oh scarecrow, it ain't so bad
Just try and fit in this hollow mat
'Cause you've traveled so far
From where it all began Maybe I wasn't made for this world
Maybe I wasn't made for this world
All the space in between the soul and the seams
Maybe I wasn't made for this world I think I took the wrong path
And I need to find my way back
They say you're never too far
To start it all again, am I too far? Maybe I wasn't made for this world
Maybe I wasn't made for this world
All the space in between the soul and the seams
Maybe I wasn't made for this world Oh scarecrow, oh scarecrow
Is it really that bad?
Oh scarecrow, oh scarecrow
Is it really that bad? Maybe I wasn't made for this world
Maybe I wasn't made for this world
All the space in between the soul and the seams
Maybe I wasn't made for this world Maybe I wasn't made for this world
All the space in between the soul and the seams
Maybe I wasn't made for this world Oh scarecrow, oh scarecrow
Is it really that bad?
Oh scarecrow, oh scarecrow
Maybe I wasn't made for this world Oh scarecrow, oh scarecrow
Is it really that bad?
Oh scarecrow, oh scarecrow
Maybe I wasn't made for this world Oh scarecrow, oh scarecrow
