

All My Heroes Have Failed Me

Dead To Fall

Up and out, I never regretted a thing

Take a glance from the inside, it isn't what you think

This is it, this is everything I have

So between you and me, give up all fucking hopeI've got the answer, so save your fucking explanation

This is the last time I'll suffer through your exploitation

Harvest truth and save it for your revelation

I've lost all trust and I've finally had the realizationAll my heroes have failed me

And all your heroes will fail youGive up hope, give up all fucking hope

Give up hope, give up all fucking hopeI don't care and I'm through hearing you justify

You've given up and I know you've fucking died inside

We've burned it all and everything it signifies

I've reached my breaking point and I finally realizeAll my heroes have failed me

And all your heroes will fail you

All my heroes have failed me

And all your heroes will fucking fail you, fail me, fail youGive up hope, give up hope

Give up hope, give up all fucking hopeI'm sick of trying and I'll never put my trust in you

No more heroes, no promise of something new

It's over now, there's no more damage that you can do

You're dead to me because me and you are finally throughAll my heroes have failed me

And I have given up hope

This is the last time

I ever place my trust in someone else

And I have given up all fucking hope
