

Beautiful Things (Josh Gabriel Mix)

Andain

Got up early, found somethings missing
my only name.

No one else sees but I got stuck,
and soon forever came.

Stopped pushing on for just a second,
then nothing's changed.

Who am I this time, where's my name
I guess it crept away.

No one's calling for me at the door.
And unpredictable won't bother anymore.
And silently gets harder to ignore

I forgot that I might see,
So many beautiful things.
I forgot that I might need,
to find out what life could bring

Take this happy ending away, it's all the same.
God won't waste this simplicity on possibility.
Get me up, wake me up, dreams are filling
this trace of blame
Frozen still I thought I could stop,
now who's gonna wait

No one's calling for me at the door.
and unpredictable won't bother anymore.
and silently gets harder to ignore.
look straight ahead, there's nothing left to see.
what's done is done, this life has got it's hold on me.
just let it go, what now can never be

so many beautiful things...
so many beautiful things...
Now what do I do
can I change my mind
did I think things through
It was once my life
it was my life at one time
