

# So Amazing

## 50 Cent

Summer, winter, spring, and fall  
I'll be around to catch ya calls  
'Cause you're my baby  
(You're my baby)  
And I adore you  
You always brighten up my day  
I never ever let you wait  
'Cause you're my baby  
(You're my baby)  
And you're amazing  
(So amazing)  
I'm from city to city to shop the show  
See me I been glidin' across the globe  
I hustle hard to get the grib fa sho'  
So when I make time to call you, you should pick up the phone  
Tell me, what's on your mind when you're alone  
Have ya touchin' on yourself, girl all in the zone  
Now if I told you all  
What things I say, would I be wrong?  
You know, then I wouldn't be right  
Matter of fact I'd be on the next flight  
Tryna get it on with you tonight  
Do the things you like  
Touch the right spot, have ya piped and hot  
While the wind blow through your hair in the drop  
Just lay back, relax to the sounds of the sex  
And let me to what I do until you climax  
You can go straight to sleep after it's all over  
In the mornin' roll over and we can start over  
Summer, winter, spring, and fall  
I'll be around to catch ya calls  
'Cause you're my baby  
(You're my baby)  
And I adore you  
You always brighten up my day  
I never ever let you wait  
'Cause you're my baby  
(You're my baby)  
And you're amazing

(So amazing)

Yeah, I called just to say hope you havin' a nice day  
You're special, I get into you, oops I mean I'm into you  
Every chance I get, I find time to spend with you  
    Jet to bring you to me, just to watch a movie  
    Better yet to watch you climb into the jacuzzi  
    Yeah, bubbles in the bath, don in the glass  
    Funny how time flies when you full of laughs  
    It's fun but before long, a nigga gotta dash  
    For the lifestyle I live, a nigga need cash  
    To come quick, so I don't fuck with the stash  
I know you like pumps and boots, I like jeeps and Coupes  
    So I grind all the time, sing some loop  
    I put a spell on you, I like to call it a spell  
In the bedroom, workin' it well, I don't kiss and tell  
    But I don't care if you kiss and tell  
    You can tell your girlfriend the details  
    Summer, winter, spring, and fall  
    I'll be around to catch ya calls  
    'Cause you're my baby  
    (You're my baby)  
    And I adore you  
You always brighten up my day  
    I never ever let you wait  
    'Cause you're my baby  
    (You're my baby)  
    And you're amazing  
    (So amazing)
