

# Evidence In The Furnace

## Cannibal Corpse

Stab the knife into the face and then  
Wrench the blade inside  
Murder this piece of shit  
Scraps of flesh and severed bone are on the floor  
These I must hide Pounding the teeth, comminute bones  
They never will know  
Chop up the corpse, concealing my crime  
They never will find  
Evidence in the furnace Secret cremation  
You fucked with me and now any trace of you  
Is completely gone Charring the flesh, the body is ash  
They never will know  
Burning the corpse, consumed by the flames  
They never will find  
Evidence in the furnace You cease to exist  
Investigations fail to find single useful clue  
Their search is futile Proof is destroyed in the searing heat, you melt away  
No body, no case, there is no trace  
Smoldering coals that once were your bones turn to ash  
Your life is erased, there is no trace You cease to exist but the search will go on  
They cannot find  
Their closure denied, dead or alive You're not the first and you won't be the last  
To burn in my fires Corpses will burn, burn in my fires  
Your corpse will burn, burn in my fires  
Corpses will burn, burn in my fires  
Your corpse will burn Charring the flesh  
The body is ash, they never will know  
Burning the corpse, consumed by the flames  
They never will find  
Evidence in the furnace
