

# Party Like A Russian (Nick Mantis Remix)

[Robbie Williams](#)

It takes a certain kind of man with a certain reputation  
To alleviate the cash from a whole entire nation  
Take my loose change and build my own space station  
(Just because you can, man)  
Ain't no refutin' or disputin' - I'm a modern Rasputin  
Subcontract disputes to some brutes in Louboutin  
Act highfalutin' while my boys put the boots in  
(They do the can-can)  
(Spasibo)Party like a Russian  
End of discussion  
Dance like it got concussion, oh  
Put a doll inside a doll  
Party like a Russian  
Disco seduction  
Party like a Russian, oh  
Have it like an oligarchI've got Stoli and Bolly and Molly, so I'm jolly  
And I'm always off my trolley, so I never say sorry  
There's a doll, inside a doll, inside a doll, inside a dolly  
(Hello, Dolly)  
I put a bank inside a car, inside a plane, inside a boat  
It takes half the western world just to keep my ship afloat  
And I never ever smile unless I've something to promote  
I just won't emote  
(Spasibo)Party like a Russian  
End of discussion  
Dance like it concussion, oh  
We've got soul and we've got gold  
Party like a Russian  
Disco seduction  
Party like a Russian, oh  
Have it like an oligarchRaz, dva, tri, chetyre  
We're the Russian boys, we're everywhere  
There's revolution in the air  
Oh oh oh, oh oh ohParty like a Russian  
End of discussion  
Dance like it got concussion, oh  
Put a doll inside a doll  
Party like a Russian  
Disco seduction

Party like a Russian, oh  
Have it like an oligarch
