

# Falling (feat. Alex G)

[Tyler Ward](#)

And the conversation was right  
Underneath the shade of moonlight  
You were standing there  
With sun-touched hair  
And your dress the color white Like an aeroplane  
I took flight  
Fell in love with you that first night  
Cause you danced with me  
And I could see that there was more to life  
I'm falling  
I'm falling  
In love with you  
I'm falling  
I'm falling  
In love with you-ooh Just before the strike of midnight  
You said "This could be the good life"  
And you say "Goodbye, hope that I get to see you soon"  
Then I walked for several miles  
Couldn't rid me of my smile  
Cause you found me and I found you  
In this lovely month of June I'm falling  
I'm falling  
In love with you  
I'm falling  
I'm falling  
In love with you Will you catch me  
because lately  
you're the dream come true Say you love me  
you are lovely  
do you feel it too (But you came for, you came for me) ... continued I'm falling  
I'm falling  
In love with you  
I'm falling  
I'm falling  
In love with you I'm falling oooh x2 I'm falling
