

Everything Sucks (Andy Wallace remix)

Dope

If somebody's askin' I've gone away
Yeah, somebody's packin' and gone today
The summer was lovely and I enjoyed my stay
Maybe I'll be back one day
Sorry to hurry, but I'll miss my plane Don't worry about me, I'll be okay
See ya the next time, maybe I'll stop by
Maybe, well, I'll try
Hopefully but I guess I never cared that much
I never kept in touch
And most of all what really sucks is
Everything and all of us So and so called me yesterday
So and so tells me that's me that so's okay
I don't know, took me far away
Hopefully I'll be back one day
So many places, so many faces Everything changes and
Everything's the same as
So many places, so many faces
Everything changes
Yeah, typical I guess I never cared that much
I never kept in touch
And most of all what really sucks is
Everything and all of us Everything sucks
Everything sucks I never cared that much
I never kept in touch
And most of all what really sucks is
Everything and all of us
