

Get Pretty

My Ruin

Pretty girls they make friends
Fake smiles that don't offend
It's not hard to play pretend
Then again, then again Ugly girls make enemies
Just go ask the name
This is what they've said to me
Said to me, said to me Get pretty, plastic parts not included
Get pretty, get pretty
Silicone sold separately Pretty girls they make friends
Loved by every camera lens
Someday all of this will end
Tell me when, tell me when Ugly girls make enemies
Maybe that's what's wrong with me
If I'm not what you think that I should be
Then what should I be? Get pretty, plastic parts not included
Get pretty, get pretty
Silicone sold separately Get pretty, plastic parts not included
Get pretty, get pretty
Silicone is not on me
The beauty myth is alive Get pretty, plastic parts not included
Get pretty, get pretty
Silicone sold separately Get pretty, plastic parts not included
Get pretty, get pretty
Silicone is not on me I'm not pretty, you're not pretty
She's not pretty, he's not pretty
We're so pretty, let's get pretty
Va cunt
