Don't Be Afraid

Case

Oh, oh baby
Don't be afraidSitting here just thinking about you
Wonder what I'd do without you
You're all I needThinking 'bout you all the time
Always have you on my mind
You set me free, babyDon't be afraid of loving me, baby
(Don't be afraid, baby)
'Cause I won't be afraid of love, we can work it out
Girl, I know without a doubtBaby, if you ever leave
You would take a part of me
You're all I needWondering if you wanna stay
Baby, I just got to say, hey
That girl you know that I need you, babe
(Baby, you know that I need you here)Lying next to me
(Lying next to me)
'Cause that's where you should be
And you know that I'd do anything
To have you in my life again, girlDon't be afraid of loving me, baby
(Oh lady, don't be afraid of loving me baby)
'Cause I won't be afraid of love, we can work it out
And girl, I know without a doubtDon't be afraid of loving me, baby
(Don't be afraid of loving me, my little baby)
Oh, I know you care, so believe in me
('Cause I won't be afraid of love, we can work it out)
I'll never you baby, I'll never hurt you baby
I'll never break your pretty little heartYou're all I need, my everything
(You ain't gotta worry)
Baby, don't you be afraid
(You can trust me baby, I'll always love you baby)You're all I need, my everything
Baby, don't you be afraid
(I'm not afraid to go all the way, baby)Don't be afraid of loving me, baby
(You're my everything, you can count on me, count on me baby)
'Cause I won't be afraid of love, we can work it out
(I ain't afraid, no no no)Don't be afraid of loving me, baby
(You can call me baby, I'll always be there for you baby)
I'll never lie to you
'Cause I won't be afraid of love, we can work it outDon't be afraid of loving me, baby
(Don't be afraid)
'Cause I won't be afraid of love
