

Snowflake

Burn One Third

I am a transgod bitch, sinner and saint
I'll choice who I want to love, pansexual artic caps
Misogynistic terrort, sexist bully system map (homophobe)
I have now been triggered overdrive my offences climb
Fight the facist judge machine dont that Im worth a dime
Everything is a crime, Snowflake (racist!)
When is the next parade?
Sun will shine through our rainbow pride our stem cells coexist
Unsustainable bigot the retards bring this dumb resist
3, 2, 1, Im triggered again this time Im gonna crack
Everytime I see an oil rig fricken frack
Oh for heaven sake, snowflake
With pink and apple colored hair
Your such a faggot
Harrassing everyone, your father is embarrassed that your his son
Your such a faggot
Dweeb mangina bun
Stupid riot Berkeley ninja, terrorist dunce
What a bunch of fucking hipsters a beard wont make a man
Neither will your feminist views your such a fucking pussy who gives a damn
your such a fucking pussy
After the protest fun go home and take a bubble bath
Good for you, you stopped some words with a liberal social wrath
2/10's of one degree oh shit were doomed to melt
Terracide your word today, tomorrow its something else
Go fuck yourself
Snowflake, retreat to the safe space
Snowflake, citizen of the world, your trigger yet again now cry.
