Counting Sheep

Lordsong

Another day of provision
Has come and gone again
The dark night approaches
As the flock is gathered inBut the Shepherd watches closely
As He counts them one by one
When the last sheep passes through the gate
His daily work is doneBut He'll walk the cold
Dark hillside in search of one lost lamb
He will never rest
Until that one is safe and warm againHe will bring the wondering soul
Back in so the number is complete
The Shepherd never sleeps
But He's always counting sheepI'm so ashamed to say
I've wondered far from His leading way
Yielding to temptation
Causing me to strayBut the Shepherd knows without Him
I can't make it on my own
So He comes to rescue me once more
And He takes me safely homeBut He'll walk the cold
Dark hillside in search of one lost lamb
He will never rest
Until that one is safe and warm againHe will bring the wondering soul
Back in so the number is complete
The Shepherd never sleeps
But He's always counting sheepWoahBut He'll walk the cold
Dark hillside in search of one lost lamb
He will never rest
Until that one is safe and warm againHe will bring the wondering soul
Back in so the number is complete
The Shepherd never sleeps
But He's always counting sheepCome and lead us, Gentle Shepherd
