

# It's No Secret

## Nevertheless

I wonder what you think of me, when I put your name in spotlights  
Run into the dark night all alone, I live like I'm changing with the seasons  
When you give me every reason to stay by your side, but still I hide

And it's no secret I know everybody knows  
I need you, I need you  
It's no secret I'm afraid to be alone  
I need you, I need you now

I gotta get this off my chest, I've been drowning in the ocean, pledging my devotion  
To the one I left, for something in between, my head in the unseen  
You've been here everyday, I'll run away

And it's no secret I know everybody knows  
I need you, I need you  
It's no secret I'm afraid to be alone  
I need you, I need you

Every single second, every minute that goes by I need you, I need you

It's no secret I know everybody knows  
I need you, I need you  
It's no secret I'm afraid to be alone  
I need you, I need you  
It's no secret I know everybody knows  
I need you, I need you  
It's no secret I'm afraid to be alone  
I need you, I need you now
