

Havin' a Ball

Styx

Written by james young, john curulewski

Lead vocals by james youngYeah

Now tell me girl

Won't you tell me true

Help me get this out of my headNow fenny thinks that there ain't no stoppin'

Until you got me flat on my backYou know my number

Just give me a call

You know what I'm thinking

We're just havin' a ballNow there's things that I agree with

And things that I really don't

If you think I'm free to try something crazy

There ain't nothing 'round that I won'tYou know my number

Just give me a call

You know what I'm thinking

We're just havin' a ballYeah

Just havin' a ball

Just havin' a ball

Just havin' a ball

Just havin' a ballNow if you want to spend some time with me

If you've got some time to kill

Tell more or else I'll leave this place

Know a couple of a ladies that willYou know my number

Just give me a call

You know what I'm thinking

We're just havin' a ballYou know my number

Just give me a call

You know what I'm thinking

We're just havin' a ballYeah

Just havin' a ball

Just havin' a ball

Just havin' a ball

Just havin' a ballYou know my number

Just give me a call

You know what I'm thinking

We're just havin' a ballYou know my number

Just give me a call

You know what I'm thinking

We're just havin' a ballYou know my number

Just give me a call

You know what I'm thinking
We're just havin' a ball
