

# Kiss The Rain (Nicholas Riccardi Instrumental)

## Yiruma

I often close my eyes  
And I can see you smile  
You reach out for my hand  
And I'm woken from my dream  
Although your heart is mine  
It's hollow inside  
I never had your love  
And I never will[Chorus]  
And every night  
I lie awake  
Thinking maybe you love me  
Like I've always loved you  
But how can you love me  
Like I loved you when  
You can't even look me straight in my eyes I've never felt this way  
To be so in love  
To have someone there  
Yet feel so alone  
Aren't you supposed to be  
The one to wipe my tears  
The one to say that you would never leave The waters calm and still  
My reflection is there  
I see you holding me  
But then you disappear  
All that is left of you  
Is a memory  
On that only, exists in my dreams[Chorus]  
And every night  
I lie awake  
Thinking maybe you love me  
Like I've always loved you  
But how can you love me  
Like I loved you when  
You can't even look me straight in my eyes I don't know what hurts you  
But I can feel it too  
And it just hurts so much  
To know that I can't do a thing  
And deep down in my heart  
Somehow I just know

That no matter what  
I'll always love you So why am I still here in the rain
