

# For the First Time

[Kenny Chesney](#)

There's something sacred when your 17  
About a football jacket and a high school ring  
And it sure looked nice when you wore mine That late October at the homecoming dance  
We slipped outside and we took a chance  
In the middle of the night it sure felt right We let go right then and there  
We were loved and we were scared For the first time lovin' blind we dove right in  
For the first time we gave everything and then  
Graduation came and our dreams called our names  
With broken hearts we moved on with our lives  
For the first time Well, I heard the other day  
You're a Sunday school teacher, got the PTA  
Got a real good life, you're a real good wife I'm living in this circus world  
No, I ain't married but I got a girl  
And I'm her man, we're making plans But I still smile when I think of us  
Together we learned how to love For the first time lovin' blind we dove right in  
For the first time we gave everything and then  
Graduation came and our dreams called our names  
With broken hearts we moved on with our lives  
For the first time Now, graduation came and our dreams called our names  
Broken hearts we moved on with our lives  
For the first time For the first time lovin' blind we dove right in  
For the first time we gave everything and then  
For the first time we moved on with our lives  
For the first time
