

Our Own Way Out

The Polaroid People

Backdoors and windows down
Streetlights in worn out towns
Bad lies and words around
To find our own way out
Long days and fading light
Chances that took our eyes
We couldnt wonder why
We let them pass us by
So raise and claim the skies
Leave reason far behind
The things we thought we knew
We dont so
Say it right
Say it clear
Say it twice well never hear
Hearts of fire leading on
So what have we been waiting for
Well run but never find
The answers we had in mind
Theyve kept us way too long
And now were all moving on
So raise and claim the skies
Leave reason far behind
The things we thought we knew
We dont so
Say it right
Say it clear
Say it twice well never hear
Hearts of fire leading on
So what have we been waiting for
Say it again
Say it again
Say it right
Say it clear
Say it twice well never hear
Hearts of fire leading on
So what have we been wating for
Say it right (Say it right)
Say it clear
Say it twice well never hear
Hearts of fire leading on (Say it again)
So what have we been wating for
