eh eh eh eh eh

OK It's time to Leggo

No words are needed for this moment  
For our eyes already notice

Don't say a word, it's better to stay silent  
Come to my moist lips gently and give me a kiss

The common words like I love you  
Feels special tonight  
Why does my heart pound so fast  
Now the time has finally come

On the night of the full moon, come to see me  
Before the night ends, before sunrise, please hurry  
On the night of the full moon, give me your love  
Before the night ends, before sunrise, please hurry

eh eh eh eh eh  
eh eh eh eh eh  
eh eh eh eh eh

(Perfect weather can get no better)

eh eh eh eh eh  
eh eh eh eh eh  
eh eh eh eh eh

(Everything around us so so real yo)

Tonight, It's the night  
Under the moonlight  
It's the perfect night to whisper love  
Cozy atmosphere, 11 o'clock sharp, perfect setting  
All must be a haven-sent blessing  
Do not rush, don't leave anything out  
Just think about us, a long night no doubt  
Holding your hands and walking on the moon  
Open all the closed doors, coming soon  
the long-awaited dream

The common words like I love you  
Feels special tonight  
Why does my heart pound so fast  
Now the time has finally come

On the night of the full moon, come to see me  
Before the night ends, before sunrise, please hurry  
On the night of the full moon, give me your love  
Before the night ends, before sunrise, please hurry

Clothes soaked in rain  
Just you and I walking along the lane

Whispering sweet love

eh eh eh eh eh

eh eh eh eh eh

eh eh eh eh eh

(Perfect weather can get no better)

eh eh eh eh eh

eh eh eh eh eh

eh eh eh eh eh

(Everything around us so so real yo)
