

The Show Must Go On

Dragon Ash

The show must go on i wanna do
Let's accomplish why don't you move?
The show must go on, I wanna do
Let's accomplish it now, get the groove
(Pre-)

Don't think 'bout the ones you've lost
You can't get back what you've lost
Lost the things you have?
Don't grieve only bygone days
You can't erase bygone days
What's the thing that you should do?

()

A moment of the dead end comes to anyone
My hand will not be able to grasp a pick
A moment of the dead end comes to anyone
Until that time comes, you fight against yourself
Cause sing at the top of my voice as hard as possible
(Pre-)

We water it to revive a dying tree
Squeeze out to the last drop, just like we wind up a clock
It's still too early in the curtain

The show must go on!
