

Jamaica

Jah Cure

Lookin' for a place to have a perfect vacation
Or even a honeymoon
I know the place to make the perfect reservation
Come let me take you there soon, yeah To a place called Jamaica
The island is in the sun
Place called Jamaica
If you really wanna have some fun Place called Jamaica
Where the island is in the sun
Place called Jamaica
If you really wanna have some fun The food is great, the people is great
One of a place, climate is great
Down there in Jamaica
If you wanna get away just for a day
Tell them try Jamaica Jamaica sunshine
Jamaica sunshine
Jamaica sunshine
Oh yeah, oh Chillin' out in the west and in Negril
I have my perfect spot to chill
Watchin' the sun go away
Oh what a perfect day, oh yeah No place like Jamaica to me
No matter where we go around the world
Jamaica my number one girl Jamaica, Jamaica
Jamaica land, Jamaica land we love
Jamaica sunshine
Nice every time, nice every time, oh On the evening sunset
And the warm summer breeze come rushin' in, yeah
Relax at your best
Set your mind at ease and breathe in Jamaica sunshine
Jamaica sunshine Lookin' for a place to have a perfect vacation
Or even a honeymoon
