

Silver-blue

Thurston Moore

Blue meets silver and silver runs
Blue follows and then it's gone, it's gone
But not for long Wood meets dirt and the dirt is fine
The dirt is always in yr mind, yr mind
Mind is gone Pearl meets light and light gets lost
But that's all right for the holy frost of the day
It's safe to stay Every time we meet my friend
All I know is it's perfect end tonight
The perfect time Every time we meet this way
All I know is I must obey, obey
Yr fun and games
