

# The Wait

## Sevendust

Lost inside a dream, alone  
I'm hurt when all is lost  
I smile when I have grown  
You save  
I've waited here so long  
To comfort you and help  
And yo save you from your head  
I pray  
( )  
The birds will turn  
I had? away  
Let it go, let it go,  
Close the door and let it be  
I time will come, forever there's a day  
Let it go, let it go,  
And close your eyes and find a dream  
I said? . For now, we'll wait  
( )  
Send a message when you're home  
Watch with lovin' eyes  
So you're never all alone  
You're safe  
If there's forgiveness in our soul  
Then, God, I need it here  
To heal the wounds we tear  
Today  
The birds will turn  
I had? away  
Let it go, let it go,  
Close the door and let it be  
I time will come, forever there's a day  
Let it go, let it go,  
And close your eyes and find a dream  
I said? . For now, we'll wait
