

My Name (Wearing Me Out)

Shinedown

My name is worthless like you told me I once was
My name is empty 'cause you drained away the love
My name is searching since you stole my only soul
My name is hatred and the reasons we both know
Worthless empty searching hatred, who am I right now You're fucking wearing me out
You're always dragging me down
You're the fake, fallen, force of nature, sick mind
I don't need a gun to take back what's mine
It's over
It's over now
You're done wearing me out My name is screaming like the sound of your heart failing
My name is loco like the motive that betrayed me
Screaming, loco, don't say you know who am I right now You're fucking wearing me out
You're always dragging me down
You're the fake, fallen, force of nature, sick mind
I don't need a gun to take back what's mine
It's over
It's over now
You're done wearing me out You're wearing me out
You're wearing me out
You're wearing me out
You're wearing me out
You're wearing me out You'll be ancient history
But who am I right now My name is revenge and I'm here to save my name You're fucking wearing me out
You're always dragging me down
You're the fake, fallen, force of nature, sick mind
I don't need a gun to take back what's mine (you're fucking wearing me out)
It's over (you are always dragging me down)
It's over, its over
You're the fake, fallen, force of nature, sick mind
I don't need a gun to take back what's mine
It's over
It's over now
You're done wearing me out
