Strip It Down

Luke Bryan

Let it fade to black
Let me run my fingers down your back
Let's whisper, let's don't talk
Baby, leave my t-shirt in the hall
Like a needle finds a groove
Baby, we'll remember what to do
To drown out every distraction
It's time we made it happenStrip it down, strip it down
Back to you and me like it used to be
When it was an old back road with an old school beat
Cowboy boots by your little bare feet
Let it out, tell me right now
Everything I need in them white cotton sheets
Dirty dance me slow in the summertime heat
Feel my belt turn loose from these old blue jeans
We both know that we lost it somehow
Let's get it found
Strip it down, down, downI wanna drop this cell phone now
And let it shatter on the ground
They ain't holdin' nothin' these two hands
Until they're holding you againOh, strip it down, strip it down
Back to you and me like it used to be
When it was an old back road with an old school beat
Cowboy boots by your little bare feet
Let it out, tell me right now
Everything I need in them white cotton sheets
Dirty dance me slow in the summertime heat
Feel my belt turn loose from these old blue jeans
We both know that we lost it somehow
Let's get it found
Strip it down, down, down
Strip it down, down, downI don't wanna let you go
No, not tonight
I just wanna love you so bad, baby
So let's close our eyesAnd strip it down, strip it down
Back to you and me like it used to be
When it was an old back road with an old school beat
Cowboy boots by your little bare feet
Let it out, tell me right now

Everything I need in them white cotton sheets
Dirty dance me slow in the summertime heat
Feel my belt turn loose from these old blue jeans
We both know that we lost it somehow
Let's get it found
Strip it down, down, down
Strip it down, down, down
Strip it down, down, down
Strip it down, down, down
