24 Hours

Noisettes

I'm pulling my hair out
I can't get to sleep
The bed feels so empty
I can still smell you on me
A moment in space
The look on your face when I said hello
You stagger to mine
You're still on my mind, why do I feel so low?
It could have been forever but we'll never know
Twenty four hours ago
The night was all we had and then I had to go
Twenty four hours ago
We were lovers twenty four hours ago
Where did the summer go?
Everybody's fallen in love
Hey lover, I'm in limbo
I can still feel your touch
So look in my eyes
And tell me you don't want to run away
I know I was bold
But life is too short to catch
A heart so cold and break
It could have been forever but we'll never know
Twenty four hours ago
The night was all we had and then I had to go
Twenty four hours ago
We were lovers just twenty four hours ago
How do we conceal when life
Is not what it should be?
Life is not what it seems
If you're fraying at the seams
Don't let your heart fray
Twenty four hours ago
The night was all we had and then I had to go
Twenty four hours ago
We were lovers just twenty four hours ago
We were lovers twenty four hours ago
Twenty four hours ago
