What Baby Wants

Alice Cooper

She gonna come for you and you can try to run and hide
No matter what you do
She gonna take it deep inside
You're thinking this could be a dream come true

But you don't really understand
She feeds on flesh and blood and boys like you
She gonna make you be a man
She'll take your bleeding heart and your soul no regrets

'Cause what baby wants (What baby wants wants wants)
Baby gets (She's gonna gonna gonna get)
What baby wants (What baby wants wants wants)
Baby gets (She's gonna gonna gonna get)

Oh really,
What baby wants (What baby wants wants wants)
Baby gets (She's gonna gonna gonna get)
Yeah what baby wants (What baby wants wants wants)
Baby gets (She's gonna gonna gonna get)

Bay tells lies baby looks you in the eyes
It's her aphrodisiac when she stabs you in the back
She comes on like a saint but that's exactly what she ain't
Not a damsel in distress she's the devil in a dress

She's gonna stay with you
She's gonna play with you
It's one thing you can bet

'Cause what baby wants (What baby wants wants wants)
Baby gets (She's gonna gonna gonna get)
Yeah what baby wants (What baby wants wants wants)

Baby gets (She's gonna gonna gonna get)
I'll make you sit beg roll over play dead.
I'm gonna be your little pet
'Cause what baby wants (What baby wants wants wants)

Baby gets (She's gonna gonna gonna get)

Yeah what baby wants (What baby wants wants wants)
Baby gets (She's gonna gonna gonna get)
'Cause what baby wants (What baby wants wants wants)

Baby gets (She's gonna gonna gonna get)
Yeah what baby wants (What baby wants wants wants)
Baby gets (She's gonna gonna gonna get)
What baby wants baby gets
