

# Love Kills (ESC-2013 Belgium)

[Roberto Bellarosa](#)

So the arrow shot right through her heart and brought her to the floor And she fell so deep like she had never fell  
so deep before But the pain was almost unbelievable When the end was near she felt the fear alive, alive, alive  
Waiting for the bitter pill, give me something I can feel 'Cause love kills over and over, love kills over and over  
Waiting for the bitter pill, something I can truly feel 'Cause love kills over and over, love kills over and over  
again

'Cause he didn't fight for life when he was up against the wall And he felt so scared so close to death, even  
though they had it all There's a lesson that you always have to learn To the consequence of fire comes the burn  
Waiting for the bitter pill, give me something I can feel 'Cause love kills over and over, love kills over and over  
Waiting for the bitter pill, something I can truly feel 'Cause love kills over and over, love kills over and over  
again

One last, one last, one last prayer for life Won't you give me, give me hope tonight?  
I'll be waiting for the bitter pill, give me something I can feel 'Cause love kills over and over, love kills over  
and over Waiting for the bitter pill, something I can truly feel 'Cause love kills over and over, love kills over  
and over again
