

UpStairs

Vimes

here in uncanny valley
psychic frail
but down in the home that i live in
century gone
but these are not the hands of drills
and these not the mad life you loved
compensation
mystify

demystify-----[Chorus]

Can't you
crawling that height and set in the wails
but you decide
mystify
demystifyfalling
if everything`s wrong and i want just wait
but you decide
mystify

demystify-----and we don't want get sick alone

it's not too wide out range
and down by the Yeah Yo`s.
yeah

we self are...-----[Chorus]

Can't you
crawling that height and set in the wails
but you decide
mystify
demystifyfalling
if everything`s wrong and i want just wait
but you decide
mystify

demystify-----try to

set in the wails
you decide
falling
if everything`s wrong and i want just wait
but you decide-----[Chorus]

Can't you
crawling that height and set in the wails
but you decide

mystify
demystifyfalling
if everything`s wrong and i want just wait
but you decide
mystify
demystify
