Black Box (Radio Mix)

Jessica Jean

Keep it in my black box
Yeah
Keep it in my black box
YeahImma suck it up
Like I never knew it
Imma black it out
Like you never blew it
gotta draw the line you drop me like a piece of trashI'm poppin your se-crets like a new designer drug
Cold sweats everytime I hit it up
Im a take the pain
Lock it all away
Swallow the key
Ill put it in my black box let me go blind
keep it in a box at the back of my mind
Im about to smash it! Break it! Throw it! Shake it! Never let it outKeep it in my black box
Yeah /x2All the dirty tricks
Kept in the closet
Now I know its sick
I wish I wasnt
so Im a roll you up and smoke you like a cigaretteyou can save the bulls*** the diamonds and the limousines
you aint better than youve ever been
Im a take the pain
Lock it all away
Swallow the keyIll put it in my black box let me go blind
keep it in a box at the back of my mind
Im about to smash it! Break it! Throw it! Shake it! Never let it out
Ill put you in my black box shut it away
Blow it into pieces, get my head straight
Im about to smash it! Break it! Throw it! Shake it! Never let it outIts like a papercut everytime I see you
tearin at my heart, got me in a fever
I got to shut it all away
Get a little closure, push it to the side
Brush you off my shoulder
I wont let you weigh me down I wont ever let ya outIll put it in my black box let me go blind
keep it in a box at the back of my mind
Im about to smash it! Break it! Throw it! Shake it! Never let it out /x2Ill put you in my black box shut it away
Blow it into pieces, get my head straight
Im about to smash it! Break it! Throw it! Shake it! Never let it outKeep it in my black box
