

I Don't Have Anything

VAST

I stood on mountaintops
That overlooked the world
I can't find anything
Except a void inside I went to places where
I could forget your name
I can't find anything
Except a void inside I don't have anything
Because I don't have you
I don't have anything What can I buy
To make the sky turn blue again?
Where can I go
To feel like I'm alive again? Show me the places
Where I can forget your name
I can't find anything
Except a void inside I don't have anything
Because I don't have you
I don't have anything I've been stripped of everything
Except some flesh that bleeds
And I've been robbed of everything
Except a soul, except a soul that needs you, sweet you I don't have anything
Because I don't have you
I don't have anything
