

Babylon Forever

Turbonegro

Ein, Zwei, Drei, Vier See the girl on the corner
Waiting for her freight
See the slow boy waiting for the power
Behind the palace gates See the smart kid dead by the tracks
And nobody cares
See the dirty little bitches laying tired
On the architect stairs They're stuck in this Babylon forever
They're stuck in this Babylon forever
And they're never gonna find their way home
They're stuck in this Babylon forever
Babylon forever See the man in the hat, oh, he's smiling
Every single day
See the plantation owners little girls
Wear the wraps of slaves Hear the whispery sound of bumps
In the night of a creepy crawl
Feel the heat of the muzzle
Against the skin as you dry scale the walls You're stuck in this Babylon forever
You're stuck in this Babylon forever
And they're never gonna find your way home
You're stuck in this Babylon forever
Babylon forever, Babylon forever Break out We're stuck in this Babylon forever
We're stuck in this Babylon forever
We're stuck in this Babylon forever
Forever
Forever Unless you got it figured out
