Portray sincerity, act out all the loyalty  
Defend your free country, wish away pain  
Hand out lobotomies to save little families  
Surrealistic fantasies, bland boring plain  
All we know is restitution  
Living out your date with fusion  
Is the whole fleece shun in bastard  
Don't feel guilty masturbating  
Somebody said that they're not much like I am  
I know, I can  
Make enough of the words, you go along  
And sing your song  
Slippery pessimist hypocrite master  
Conservative communist apocalyptic bastard  
Thank you dear God for putting me on this earth  
I feel very privileged in debt for my thirst  
All we know is restitution  
Living out your date with fusion  
Is the whole fleece shun in bastard  
Don't feel guilty masturbating  
Somebody said that they're not much like I am  
I know, I can  
Make enough of the words, you go along  
And sing your song
