## When I See You

## **Day of Fire**

I'm broken but I care for you
Tried to change all that you wanted me to
Was too late and just not enough

To relate to that kind of loveTaken so long to see itI'm righting all my wrongs still you're gone Wondering when I'll see you again

Missed the times you call to tell me of all

The love that you had for me back then For the time I should have cared for you

And all the pain that I was putting you through

Late nights sitting by the phone

A life of leaving you alone Taken so long to see it

Waited so long to be itI'm righting all my wrongs still you're gone

Wondering when I'll see you again

Missed the times you call to tell me of all

The love that you had for me back then Whether it's all year long or tomorrow

When it comes, it's all in good time

When I see you, when I see you again

It's all in good time when I see youAll in good time when I see you

All in good time when I see you

All in good time when I see youI'm righting all my wrongs still you're gone

Wondering when I'll see you again

Missed the times you call to tell me of all

The love that you had for me back then Whether it's all year long or tomorrow

When it comes, it's all in good time

When I see you, when I see you again

It's all in good time when I see youAll in good time when I see you

All in good time when I see you

All in good time when I see you
