Heru Ra Ha: Let There Be Might

Behemoth

Heru Ra Ha
Flaming tongue of art
Awake the lion's strength
Consumed by the ancient breath
Diffracted ray of Ra
Send me on thy wings
Devour all fears that I breed
And come, as I summon theeIA TA BA ET
IA AZHI DA HA KARa Hoor Khu
By ithyphallic spell
Skin illuminates deep within
I invoke thy names
Spirits ov the earth
Crush the slaves ov dog
Open the gates
Ov liberated will!IA TA BA ET
IA AZHI DA HA KAHeru Ra Ha
Let me see in the dark
Wisdom of which I fear not
And mute the weakness in my heart
Let there be might
Sothis raised we await
The Mighty One from above
Multitude of stars transform into GodIA TA BA ET
IA AZHI DA HA KA
