Midnight Walker

Norther

I am here again
When the day is done
I'm back again
To steal your lifeAnd I won't go away
Tonight's the night to die
You can try to run
But you will dieThe end end is near
Look at me
You'll feel the fearI'm your Master,
Emperor, the King
I will always rule your night
You must run faster
The death is in the ring
Staring right into your eyesI'll take away your life
And end your pain inside
I want to die with you, like you
I am the deadly stalkerI am the Midnight Walker
The one you try to hide
Now say your life goodbyeI'm the shadow behind you
That you can't see
But you know it's there
The day is risingAnd I'm fading away
Daytime has made you free
But only for today
Dusk is fallingAnd once again
I'm in your headI'm your nightmare,
Fantasy and insanity
Only thing you see
Death will make you freeSo walk a little closer
And give your life to me
Let me end your painI'll take away your life
And end your pain inside
I want to die with you, like you
I am the deadly stalkerI am the Midnight Walker
The one you try to hide
Now say your life goodbyeI'll take away your life
And end your pain inside
I want to die with you, like you
I am the deadly stalkerI am the Midnight Walker

The one you try to hide
Now say your life goodbye
