

Young & Unafraid

The Moth & The Flame

We used to be so similar
Well that was wishful thinking
We used to be so similar
I wish a lot of things came
I guess I grew up Anything we've done 'til now
Is for nothing
Is for nothing We used to be so similar
Well, that was wishful thinking
You said I didn't realize the gravity
Well it's the only thought I have that floats
You never grew up Anything we've done 'til now
Is for nothing
Is for nothing
Anything we've done 'til now
Is for nothing
Is for nothing
Anything we've done 'til now
