Get Freaky

Jae-Wan

Freak- Freak- Frea- Frea Frea Freaky
Don't stop the dynamite
Double D yes on the fat track with the A B E guest as the fat mac
Is your hands up high in the air, shake around I can just don't care
`cause we are the best for you with the jamin' OA we'll move you through
So move yo cross from left to right to the party rocking for the day tonight.To the left, to the right
to the front, to the backThe super people rock your feet in every cities-blare
And just what you have master and really want to flowA big mistake. It's much too late
The ABE control the show.....Get freaky, get freaky, everybody in the house get freaky
Get freaky, get freaky, everybody in the house get free...Get freaky, get freaky, everybody in the house get freaky
Get freaky, get freaky, everybody in the house get free...Don't stop the dynamiteBrokly makes that the young and easy make the hip dance, wack with the knees
so we take on my back down on a mission, on a mission in the track
That that ain't no competition, best they can see and i will listen
`cause we was too just like that and now it's time for the ABE AttackFrom the north, to the east
to the south, to the westBrings that ruddy Body-Rock but dance the different Dance
Easy said and easy done, the stars themselves are ABE
From Outerspace I rock the place, from Hell the human race.Get freaky, get freaky, everybody in the house get freaky
Get freaky, get freaky, everybody in the house get free...Get freaky, get freaky, everybody in the house get freaky
Get freaky, get freaky, everybody in the house get free...Don't stop the dynamiteShame, shame, shame rock the body get your fame
we want more more more with your body on the floor
Shame, shame, shame rock the body get your fame
we want more more more with your body on the floorGet freaky, get freaky, everybody in the house get freaky
From the night to the day, and day to the nightwhen the ABE is coming then the time is right
Get freaky, get freaky, everybody in the house get freaky
From the night to the day, and day to the nightwhen the ABE is coming then the time is rightGet freaky, get freaky, everybody in the house get freaky
Get freaky, get freaky, everybody in the house get free...Get freaky, get freaky, everybody in the house get freaky
Get freaky, get freaky, everybody in the house get free...
everybody in the house get...
everybody in the house get freeDon't stop the dynamite.....
