

Earl

Hashfinger

[Verse 1] Yo, I'm a hot and bothered astronaut crashing while
Jacking off to buffering vids of Asher Roth eating apple sauce

 Sent to Earth to poke Catholics in the ass with saws

 And knock blunt ashes into their caskets and laugh it off

 Twisted sicker than mad cattle, in fact I'm off

 Six different liquors with a Prince wig plastered on

 Stop screamin', bitch: you shouldn't be that alarmed

 When Big Lips is in the Attic Arms with an addict's arm

 Earl puts the "ass" in "assassin"

 Puts the pieces of decomposing bodies in plastic

 Puts them in a pan and mixes it up with scat

 Then gobbles it like fat black bitches and catfish

 It so happens that I'm so haphazardous

 I'll puke a piece and put it on a hook and fuckin' cast the shit

 I'm askin' that you faggot rap actors take action

 And get a hall pass for this class-act shit

 How the fuck I fit an axe in a satchel?

 Slip capsules in a glass, you dizzy rascal

 Party staff baffled, askin' where her ass go

 In my room, redefinin' the meanin' of black holes

 Go on, suck it up; but hurry, I got nuts to bust

 And butts to fuck and ups to shut and sluts to fuckin' uppercut

 It's OF buttercup: go ahead, fuck with us

 Without a doubt, a sure-fire way to get your mother fucked

 Ask her for a couple bucks, shove a trumpet up her butt

 Play a song, invade a thong, my dick is havin' guts for lunch

 As well as supper; then I'll rummage through her ruptured cunt

 Found the mustard, fuckin' nosey neighbors notice somethings up

 "What you doin'?" Nothin' much, would shout out some other stuff

 Got to fucking bounce, guess the bouncer's had enough of us

 [Verse 2] Get up off the pavement, wipe the dirt and vomit off

 DopeBoyz hatin' but them faggots is a lotta talk

 Cotton soft pussy them Odd niggas is Molotov

 Cocktails, fuckin' toss one in your apartment dog

 Wolf Gang we ain't barking, nah

 Try talkin' on a blog with your fuckin' arms cut off

 Put in a carpet and watch it get auctioned off

 The Ace tell Shake's daughter "We're sorry, but papa's gone, bitch"
