

# Say (No More)

## Never A Hero

Verse 1 I cannot pretend things are better,  
You have gone again,  
so this time stay out of my way.  
You did this to yourself  
You're just falling  
Keep those memories, I hope you burn in hell  
Chorus 1 I'll take you down  
Make you crash and burn  
Oh I apologise  
This is the only way  
You'll learn  
Verse 2 Lived your life of sin  
No redemption  
Now you're made aware  
That time won't stand still for your grace  
Lights out  
When the darkness comes  
Too late, don't shout  
Engulfs the sun  
Don't cry, won't help  
Is it hot now you're in hell  
Chorus 2 I'll take you down  
Make you crash and burn  
Oh I apologise  
This is the only way  
You'll learn  
Middle 8 LIGHTS OUT  
When the darkness comes  
TOO LATE, DON'T SHOUT  
Engulfs the sun  
DON'T CRY, WON'T HELP  
IS IT HOT NOW YOU'RE IN HELL  
Chorus 3 You're taken down  
That's your lesson learnt  
Through these hollow eyes  
I'll sit back and watch you burn  
Outro GOODNIGHT, YOU'RE NEXT  
YOU'VE FAILED THIS TEST  
DON'T PRAY YOU HERETIC

SO LONG, WE'LL SEE YOU IN 2010
