

Burn Away

Meredith Andrews

Only You, only You
All I need, let nothing stand
In between, make me Yours
Consuming fire Only You, only You
All I need, let nothing stand
In between, make me Yours
Consuming fire Burn away
Everything that breaks Your heart
Everything that is not love
Purify my every thought
Take away
Everything that comes between us
Everything that is untrue
Jesus make me more like You
Burn away You are love, You are love
Blazing light, holy flame
Fierce and wild, have Your way
Consuming fire Yes You are love, You are love
Blazing light, holy flame
Fierce and wild, have Your way
Consuming fire Burn away
Everything that breaks Your heart
Everything that is not love
Purify my every thought
Take away
Everything that comes between us
Everything that is untrue
Jesus make me more like You Make me holy, as You are holy
Refine me in your fire, oh God
Make me holy, as You are holy
In my life be glorified Make me holy, as You are holy
Refine me in your fire, oh God
Make me holy, as You are holy
In my life be glorified Burn away
Everything that breaks Your heart
Everything that is not love
Purify my every thought
And take away
Everything that comes between us

Everything that is untrue
Jesus make me more like You

Burn away
Burn away
Consuming fire
Burn away
