Move It, Do It

Syreeta

Move it, do it
Our love will prove it
Let's do it
Move it, do it
Our love will prove it
Let's do itDon't hesitate
Life is too short to wait
It's time to take
A big step in lifeI know that together we'll make it
I'll be there beside you, baby, forever
I need you today
Tomorrow's so far away
What words can take the place of love
I anticipate the love we'll make
Oh, I can't hardly wait for us to take
The next step in love...Move it, do
Our love will prove it
Let's do it
Move it, do it
Our love will prove it
Let's do itLet's escalate
Let's reach out and take
Our dreams in life
Before it's too lateThese days may be cloudy, rain's falling
A mountain may rock a storm
Love's calling, calling
Ooh, people say
We won't go all the way
Let's seal it today, deliver love
I anticipate the love we'll make
Oh, I can't hardly wait for us to take
The next step in love...
Ow!Move it, do it
Our love will prove it
Let's do it
Move it (Yeah, yeah), do it
Our love will prove it
Let's do it, huh...[Interlude]Oh, I anticipate the love we'll make
Oh, I can't hardly wait for us to take

The next step in love...
Ow!Move it, do it
Our love will prove it
Let's do it, oh, oh
Move it, do it
Our love will prove it
Let's do itCome on and take it (Move it)
We can make it (Do It)
Move it, let's do it
Move it, do it
Our love will prove it
Let's do it, hey-ey...
Move it (We can make it), do it
