

# Christmas Comes to Us All Once a Year

**Mahalia Jackson**

Christmas comes to us all once a year,  
Bringing so much love and good cheer.  
    Bleaving snow from Heaven above,  
Clothes our home like a blanket of love. Little Children sing hymns,  
    'Round the old Christmas tree,  
With it's soft lights they sparkle,  
    In close harmony.  
Church bells ringing the chimes  
    Bringing so much delight,  
You just know that this is Christmas night. Christmas comes to us all once a year,  
    Greeting all with love so sincere.  
Stars up high twinkle so bright and gay,  
Telling all, "Soon will be Christmas Day."
