

Forget Me (feat. Christian Burns)

BT

I'll give to you if you give to me
I always want to hear what's on your mind
And from the other side, can you still answer me
'Cause we all crave to be understood, yeah And what I want to see
And what I need to hear
And what I want to feel
Is in those arms And I'll sing to you if you sing to me
Because I long to hear what's on your heart, yeah Forget me
I'm tired and wasted
Hopeless and faded
Listless and jaded Forget me
I'm tired of waiting
I'm still underrated
I'm hopeful but jaded But just remember
This is a beautiful mistake
I really need you
As our silence starts to break It's stronger than fire
Greater than all the wars we wage
And I don't know what you want me to be
But I don't want to be perfect anymore I'll share with you if you share with me
I always want to hear what's on your mind
And from the other side, can you still answer me?
Because I live to speak what's on my heart, yeah Forget me
I'm tired and wasted
Listless and jaded
Hopeless and faded Forget me
I'm tired of waiting
Still underrated
But I'm finally awake Let us remember
Life's such a beautiful mistake
It's precious and fragile
Sometimes more than we can take It's stronger than fire
Greater than all things men create
And I don't know what you want from me
But I don't want to be perfect anymore Let's just remember
Life's such a beautiful mistake
It's precious and fragile
Sometimes more than we can take It's stronger than fire
Greater than all the wars we wage

Letting go of fault and blame
'Cause I don't want to be perfect anymore Yeah, I don't want to be perfect anymore
And you don't have to be perfect anymore But your love, your love, your love, your love
Is perfect just the same
