What's On Your Mind

Greyhounds

I tried hard as I can, but I can't seem to understand.
Even though you know what you want, baby, you can't tell me right up front.
I try to search for the answer hidden in your secret codes.
Why do you always say yes when you really mean, no?
Come on, baby say it.
What's on your mind?
Say it. What's on you mind? Can you find the words to express? Or do you wanna make me guess?
I look into your expecting eyes, and I wonder what it is this time.
Every day is like a test and baby I'm trying to do my best.
Why do you always say no when you really mean yes?
Come on, baby, say it. What's on your mind?
Say it, what's on your mind? (Well, baby, ooohh, oh)
(Well)
Waiting, whats on your mind?
Say it. Whats on your mind?
Come on baby, say it what's on your mind?
Say it, what's on your mind?
