# What Is Sexy

## Ruben Studdard

Ruben exclusive, yeah
Big Boys anthym! 718, 205 come on
What is sexy? Love's in the eye of the beholder
Sex me, Baby we can get closer, freaky
Up in the crib, Come on over, sex me
Your so sexy
What is sexy? Love's in the eye of the beholder
Sex me, Baby we can get closer, freaky
Up in the crib, Come on over, sex me
Your so sexy, What is sexy?
Baby I saw you through my rearview
And you know I'm a big man
They say to know me is to love me
And you love me for who I am
So I ma win some, I ma lose
But the point is to chose
That one that keeps my happy
And my point of chosing you
Is the fact that you are so sexy, yeah
What is sexy? Love's in the eye of the beholder
Sex me, Baby we can get closer, freaky
Up in the crib, Come on over, sex me
Your so sexy
What is sexy? Love's in the eye of the beholder
Sex me, Baby we can get closer, freaky
Up in the crib, Come on over, sex me
Your so sexy, What is sexy?
I've been thinking, girl, about you girl
If this world was mine, then its yours girl
But the cribs and the cars and jewels
I ma keep so I can floss with my boys on the weekends
And, I'm not scared of commitment
But the big man, handles his business
And my business is you and me, 'coz you are so sexy
What is sexy? Love's in the eye of the beholder
Sex me, Baby we can get closer, freaky
Up in the crib, Come on over, sex me
Your so sexy
What is sexy? Love's in the eye of the beholder

Sex me, Baby we can get closer, freaky
Up in the crib, Come on over, sex me
Your so sexy, What is sexy?
Baby I would do anything, girl
Ain't nothing I will do for your love
Baby I would do anything, girl
Ain't nothing I will do for your love
Baby I would do anything, girl
Ain't nothing I will do for your love
Baby I would do anything, girl
Ain't nothing I will do for your love
Yo, When it comes to chicks, I'm sick wit it
Late night quick in it
Or late when the daylights still in it
Yah when I rock, bounce with it ma
Love it when that pretty brown brown get on top
Won't go, but I kiss around it
And I pound that, whoo!
Like the place was surrounded
Listen to me, its the Big Boys anthym
And I speak like this 'coz you know
That this Big Boy's handsome
It's the high yelling bad boy
You say Cris gotta thing for the fast toys
I ain't lyin' or flyin' with ease
G-4 knockin' Alicia Keys
We both, mami this is cheese
What is sexy? Love's in the eye of the beholder
Sex me, Baby we can get closer, freaky
Up in the crib, Come on over, sex me
Your so sexy
What is sexy? Love's in the eye of the beholder
Sex me, Baby we can get closer, freaky
Up in the crib, Come on over, sex me
Your so sexy, What is sexy?
Do you hear me come on?
Do you hear me come on?
Do you hear me come on?
Da da da for the big boys
This is for the big boys
(Big Boys, Big Boys)
This if for the Big Boys
(The big sistas too, know what I mean?)
This is for all of us, we in style again
