

# I Will Find God

Andrew W.K.

Do you care about life?  
Do you care about the future?  
Well, do you really care about life?  
Well, do you really care about anything? You care about fun and you care about gold  
And you care about never growing old  
Never getting worn out, never feeling too slow  
Never stopping my show I will find God, never selling my dream  
I will find God, never care what others think  
I will find God, always living in the red, just like I said  
I guess that's why they call it waking up dead The children never tried to hurt you  
Children never want to do no wrong  
The children just can't live without you  
The children believe in the world as it seems in a song They simply want to live their life  
But will we kill for another day  
Or will we think of another way? Catherine Jordon, Charlie Thomas, Paula Jeffrey  
Can you hear me where you are?  
If there's a way to make you see  
I'll make you blind then you'll be free I will find God and I, I will find what I want  
I will find God, yes, I will find God  
Yes, I will find God
