

A Breath of Sunshine

Scary Kids Scaring Kids

Lost myself in an endless goodnight
Kept the time by the patterns of the streetlight
 Couldn't get it right
 I could never get it right
 Sadly, this is a wasted conversation
 Lost on you, lost on you
 This is a test of my patience
 Your blue eyes are so cruel
 I can't escape all the things we said
I'm taking years off my life with the weight of regret
 Now there's nothing left
 There's nothing left to lose[Chorus:]
 Shouldn't I feel all right?
 I swear that I tried
 To be alright
To sleep at nightThe night fades with a breath of sunshine
I'll do my best to adjust to the morning light
 I can't keep my place
 Feels like I've been awake for days
 Sadly, you turn away and now I'm faced
 With the harsh truth, the harsh truth
My cold heart is a place where true love cannot bloom[Chorus:]There's static on the airwaves
I'll try to find the light through all this haze
I can't find the words that I'm trying to say
So try to forget me as I walk away[Chorus:]
