Undercurrent

Victor Dinaire

Lies are all that we hear Death your undertones of fear Lies are what causes fear Death you and all that I hear This in your eyes So clear your eyes Undercurrents We cannot believe Undercurrents Slowly drowning me Face me look in my eye Hate me I see through your mind Face me you still cannot Hate me drowning in lies Your lies can't hide So clear your mind Undercurrents We cannot believe Undercurrents Slowly drowning me, aah Drown Haha Undercurrents We cannot believe Undercurrents Slowly drowning me Undercurrents Slowly drowning
