Kaleidoscope

Kate Havnevik

You cut me out in little stars
And place me in the sky
I lose my sense of time
You know me
How troubled I can be
But through your kaleidoscope
I let go
'Cause you show me
The world as it could be
Through your kaleidoscope
It's beautiful
A tingle travels up my spine
A cluster of colors and twine
As we melt into wine

You know me
How troubled I can be
But through your kaleidoscope
I let go
'Cause you show me
The world as it could be
Through your kaleidoscope
It's beautiful
Kaleidoscope
Kaleidoscope
Kaleidoscope
